C-MAP MAX charts let you have more fun on the water.

If you want to get more out of your charts, upgrade to C-MAP MAX charts and enjoy the advanced features you're looking for. C-MAP MAX charts are:

- Trusted across the globe
- Based on thousands of charts
- Updated regularly
- Used by millions
- Highly accurate

Here's what you'll get when you upgrade:

- **Accurate chart data** - C-MAP by Jeppesen chart data is continually updated with new editions published twice a year.
- **Dynamic NavAids** - gives detailed information on navigational aids, including name, color, information on frequency, range of the light, and more
- **Guardian Alarm** - performs an automatic forward-scanning check for obstacles
- **Route-check** - indicates obstacles along the segments between waypoints
- **Detailed harbor charts** - provides precise layouts of hundreds of marinas
- **C-Marina Port Database** - displays marina hours, harbor master contact information, nearby lodging and restaurants, VHF call-in details, photos and more
- **Dynamic tides and currents** - predicts the time, level, direction and strength of currents and tides
- **Photos and diagrams** - provides photos of ports, marinas and significant navigational marks
- **Depths and land elevation** - lets you easily distinguish water depths and land elevations
- **Perspective view** - gives a bird's-eye view of your navigation area by tilting the chart to a 45-degree angle
- **Compatible with PC Planner** - lets you plan a route and save it to your user card to use in your Standard Horizon plotter

To receive your **\$40 rebate** on your new C-MAP MAX cartridge, please fill out the form below and send it, along with proofs of purchase (original receipts) for the cartridge and the Standard Horizon plotter, to the address indicated. If you already own a C-MAP MAX cartridge, you can update it for the low price of **\$89** by emailing US-club@jeppesen.com.

To make sure your information is current, your Standard Horizon plotter's built-in chart will post a pop-up message when it's time to update the data. Jeppesen releases updated chart data twice a year. To update, contact Jeppesen or your dealer.
