

**JEPPESEN**
NavData® Alert**!! URGENT !!**

Date: 02 May 2008

Subject: Martinique, Martinique
Aime Cesaire (TFFF)
BORUS 3D, BONID 3P, and BONID3G STARs
Cycles 0804 and 0805

Incorrect STAR Idents

Jeppesen NavData for cycles 0804 and 0805, effective 10 April 2008 and 08 May 2008 respectively, contains incorrect STAR idents for the BORUS 3D [BORU2D] and BONID 3P [BONI2P] STARs. The correct STAR ident for the BORUS 3D arrival should be [BORU3D], and the correct STAR ident for the BONID 3P arrival should be [BONI3P]. Additionally, the STAR ident [BONI3P] contains incorrect coding and should not be used.

THEREFORE, DO NOT USE THE BORUS 3D [BORU2D], BONID 3P [BONI2P], and [BONI3P] STARs IN THE CYCLES 0804 AND 0805 NAVDATA.

Revised coding will appear in Jeppesen NavData for cycle 0806, effective 05 June 2008. Until then an entry will appear in the NavData Change Notices beginning 16 May 2008, and this Alert will be posted on the Jeppesen Web site (www.jeppesen.com, click on Aviation Resources, On-line Publications, NavData NOTAMs/Alerts). Please refer to the Martinique, Martinique (TFFF) 10-2 chart dated 8 Feb 2008, Eff 14 Feb 2008 for valid information.

WE STRONGLY URGE YOU TO MAKE THIS INFORMATION AVAILABLE TO APPROPRIATE CREW MEMBERS OR CUSTOMERS IMMEDIATELY!

If you have questions concerning this NavData Alert, please contact Jeppesen Technical Support at:

Phone: 303-328-4445 Fax: 303-328-4122

E-mail: navdatatechsupport@jeppesen.com

NavData Alerts are published to advise users of significant issues in Jeppesen navigation data which may affect flight operations or safety. They are distributed to affected ARINC 424 NavData users (avionics companies and other raw data users) and airlines receiving NavData directly from Jeppesen. Alerts are not distributed by Jeppesen to individual airline, business aviation or general aviation pilots, but are available to them on the Jeppesen Web site, www.jeppesen.com. Different avionics equipment and computer systems use and display NavData and data derived from NavData differently. Avionics users should consult with their database update service provider for definitive information on whether their system is affected by this Alert.
